Yard Waste Alerts

Florida State Statutes provide that yard waste must be separated from all other wastes. Crews will not collect yard waste contained in plastic bags, since it is illegal to dispose of in that manner. If you choose to contain your yard waste, please use a reusable can, cardboard boxes, or biodegradable paper lawn and leaf bags. Also, ensure that no container weighs more than 50 pounds and that limbs, branches or other trimmings do not exceed four feet in length. If possible please keep clean leaves and grass clippings separate from limbs, branches and trimmings. Keep all debris and piles five feet from trees, mail boxes, utility poles, fences, guy wires, meters, etc. and from under trees and power lines.

Private contractors (landscapers, tree trimmers, lawn maintenance, etc.) are responsible for removal of all bulky waste they generate.

Recycling

The City of Ocala and Waste Pro of Ocala are pleased to provide single stream curbside recycling to residents. Please refer to the City of Ocala website or contact the Residential Sanitation division or Waste Pro (352-624-3100) for a list of acceptable recyclables or additional information. Please make sure that cardboard boxes are broken down and placed in your recycling cart. If they are placed on the ground they are not recycled. Please leave three feet between your recycling cart and garbage cart for easy collection. Carts must be placed out for collection no earlier than 7:00 pm the evening before your collection day and be returned to a secure location on your property by 7:00 am the day following your collection day. Carts should not be left out by the roadway.

The City also host two household hazardous and electronic waste collection days each year where these types of waste are collected from residents at no charge to be properly disposed of. We also host two tire amnesty days each year where up to ten tires can be disposed of at no charge. Please refer to the city website for dates, locations and more information.
